

RESULTS DAYS SUMMER 2026

When are Results Days?

A Level Results Day: Thursday 13th August 2026 (9am until 11am)

GCSE Results Day: Thursday 20th August 2026 (9am until 12noon)

What to Expect on Results Day

Results days at Weston Favell Academy are celebration days and we ask that you attend school (main hall) to collect your results in person and share the experience with us all. You will be asked to sign for your results, update your email contact details and tick a box to allow school to request your scripts for teaching and learning purposes.

There will be photographs and lots of staff to support you on the day, so please do just ask if you have any questions.

What will I Receive on Results Day?

You will be given your personalised results pack with your exam results slip, a cover letter including information about next steps, collection of formal certificates and potentially a yellow form to request a review of results.

What is a Review of Result?

Teachers/SLT will have scanned your results and may have identified that your mark is close to the grade boundary (to go up a grade) or that the result is inconsistent and so have completed the top section of the yellow form for you to consider a review of marking. Please do seek out a member of the faculty if you need any assistance or guidance before signing the form and handing it to a member of staff. These (yellow form) reviews will be paid for by the school.

However, you need to be aware that following a review, your marks may go up, or down, or remain unchanged but the outcome is irrevocable. Because of this only the candidate can sign the form, parents/ carers cannot request a review on behalf of the candidate.

Requesting a Review Yourself

If you want to query a result yourself, then please complete the form on the website.

You may request the following services:

- Review of Results
- Priority Review of Results (limited availability)
- Clerical Check
- Access to Script

These services are chargeable. The fees and deadlines are stated on the form. Payment needs to clear, before reviews or scripts can be processed on the exam boards sites.

How will I know if my Review has Been Successful?

The exams team will process all reviews of marking and confirm the outcome via email to the personal email address on your completed form, as soon as the overall outcome is available from the exam board.

What happens if I can't collect my results in person?

Our school policy prevents us emailing student results so instead please nominate a family member or friend to collect your results. Simply email (from your school email account) admin@westonfavellacademy.org stating the name of the person who you have authorised to collect your results. The person collecting will need a suitable form of photographic ID and a copy of your email.

Any uncollected results, on results days, are franked at 3pm and posted to the address we hold on our school system.
