

Art & Design (Fine Art)

Key Information

For GCSE (Fine Art), students undertake two units of work over the two years, one coursework portfolio and one exam unit. Students are given a broad based coursework title from which they take an independent direction. The official exam paper will be issued when the coursework deadline is complete.

The exam paper will provide a list of themes or titles that you will choose from to undertake your second unit of work, the development of which will be undertaken in the exam preparation period. Your practical exam final piece will be created in controlled, exam conditions taking 10 hours over 2 days.
