

Why We Use the Class Charts App

Information for Parents and Carers

Introduction

At Weston Favell Academy we are dedicated to nurturing a positive learning environment for your child. To assist in achieving this goal, we use the Class Charts App. This platform allows us to effectively communicate with you about your child's progress, behaviour, and school announcements.

Why We Use the Class Charts App

The Class Charts App is an essential tool for our school community for several reasons:

- **Real-Time Updates:** The app provides real-time updates on your child's behaviour, achievements, and attendance, ensuring you are always aware of achievements/behaviours as they happen.
- **Communication:** You will receive important information from Weston Favell Academy, keeping you informed about events, announcements, and school news.
- **Positive Reinforcement:** By tracking and recognizing your child's positive behaviour, the app helps reinforce good habits and encourages pupils to maintain high standards.
- **Accessibility:** The app is accessible on both smartphones and tablets, making it convenient for you to stay connected wherever you are.

How to Download and Log In to the App

Downloading and logging into the Class Charts App is a straightforward process:

Step 1: Download the App

- For iOS users: Go to the App Store, search for "Class Charts," and tap the download button.
- For Android users: Go to the Google Play Store, search for "Class Charts," and tap the download button.

Step 2: Log In to the App

- Once the app is installed, open it on your device.
- Enter the unique parent code provided by the school. If you have not received the activation code, please contact admin@westonfavellacademy and we will email this to you.
- Follow the on-screen instructions to complete the registration process and set up your account. Your child can also have their own dedicated account.

Information on Pupil Behaviour

The Class Charts App allows you to monitor your child's behaviour in real-time. You will receive notifications about both positive and negative behaviours, enabling you to support your child's development effectively. If your child does receive a same day detention, the Class Charts App will notify you.

Receiving Announcements

Stay informed about Academy events, announcements, and important updates through the Class Charts App. It ensures that you never miss crucial information, from Academy closures and parent-teacher meetings to extracurricular activities and special events. Notifications will be sent directly to your device, keeping you up-to-date with the latest Academy news.

Reporting Absences and Medical Appointments

The Class Charts App also allows you to report your child's absences or medical appointments directly. This feature ensures that we are promptly informed of your child's absence, helping maintain accurate attendance records. Simply navigate to the reporting section within the app, fill in the necessary details, and submit your report. This streamlined process makes it easier for you to communicate with the school and manage your child's attendance efficiently.

Finally

The Class Charts App is an invaluable resource for you, providing insight into your child's school life and fostering a collaborative approach to education. We encourage all parents and carers to download the app and stay engaged with their child's learning journey. Thank you for your continued support and involvement in our school community.

Please ensure all contact details are up to date. Email admin@westonfavellacademy with any changes to your address, telephone numbers, or email address.
