Careers Intent

Lifelong career management skills are embedded within the curriculum so pupils can move on with the confidence & ambition they need in the workplace. Our aim is that pupils leave prepared for the next stage of their education, employment or training. We deliver comprehensive programmes based on the Gatsby Benchmarks for good career guidance; this is monitored & maintained through achieving the Career Mark award. We make sure that these interactions are embedded within each pupil's learning journey throughout their time at the Academy. Pupils engage with activities which help them to reflect upon their potential & empower them to access the many exciting opportunities available to them. Pupils understand how all elements of their academy experience relate to achieving success within their futures.

3 Year Plan

The one-year strategy for careers at the Weston Favell Academy is devised from a long term 3 Year Plan with three specific objectives that then form the basis and focus for the 1 Year Plan. Both plans are reviewed termly to ensure they continue to be fit for purpose and provide a well-rounded programme of enrichment, life skills and workability skills.

1. **Use labour-market information in lessons** — Teachers incorporate local and national LMI to show pupils where subject-related jobs exist and what skills are in demand. This helps pupils make informed choices.
2. **Create an employer advisory group** — A small group of committed employers helps shape the careers programme and ensures it reflects industry needs. This strengthens long-term partnerships.
3. **Source high-quality placements** — Use employer networks, student-sourced placements, and school-brokered opportunities to build a diverse placement offer. This ensures all pupils can access meaningful experiences.

Careers and Aspire

The Academy works closely with the Aspire Higher to support our pupils, regardless of socioeconomic background to progress into Higher Education. As part of the programme, we work with Aspire Higher to provide targeted education outreach to break down the barriers that may prevent our pupils from continuing their education on to University. In order to support our pupils, the Academy has specific strategies that are implemented throughout years 9 to 13 to reduce the gap in higher education participation between the most and least represented groups and support young people to make well-informed decisions about their future education. This is provided through a planned and comprehensive yearly calendar of activities that are personalised to each year group and the specific needs and requirements within each year group and includes engagements with employers, trips and visits, motivational speakers, effective techniques for coping with revision and exam stress and finally, supporting pupils to develop life skills and workability skills.

Compass Audit

Each year, the Careers Lead completes the Compass Tool Audit as part of the self-evaluation process which is then used to inform the 1 Year Plan to ensure that each Gatsby Benchmark is being appropriately applied within both enrichment activities and the curriculum. As of September 2020, the Compass Tool gave the following outcome based on our self-evaluation of the careers programme:

	BENCHMARK	%
1	A Stable Careers Programme	100%
2	Learning from Career & Labour Market Information	100%
3	Addressing the Needs of Each Pupil	90%
4	Linking Curriculum Learning to Careers	100%
5	Encounters with Employers & Employees	100%
6	Experience of Workplaces	100%
7	Encounters with Further & Higher Education	100%
8	Personal Guidance	100%

External Providers

A wide variety of external providers are invited into the Weston Favell Academy to provide our pupils with a broad and balanced mix of different careers, routes into employment and educational providers.

We work closely with a number of partners from a range of organisations to ensure that pupils have a broad experience of a variety of options and pathways. We are always looking to make new links with local and national businesses to develop opportunities that will be beneficial to our pupils.

Careers Provision at Weston Favell Academy

All pupils are entitled to be fully involved in the Weston Favell Academy careers programme. Pupils are encouraged to take an active role in their own career development, so the careers programme emphasises pupil involvement with a focus on self-development; learning about careers and the world of work; and developing career management and employability skills. The Careers Lead maintains a tracker of all employer engagements which is then reviewed to ensure all year groups are being exposed to a variety of employers, workplaces and different career pathways.

What can pupils expect from the careers provision at the Weston Favell Academy:

- Support at key transition points including their GCSE, Post 16 and Post 18 options.
- Unbiased and impartial guidance from a Level 6 Careers specialist.
- Up to date information on the Labour Market and routes in to further/higher education and employment.
- Support with creating a portfolio of evidence to be used in interviews such as a CV, record of qualifications and a personal statement.
- Support to develop life skills, employability skills and career management skills.
- Awareness of making informed decisions on careers related choices.
- A meaningful encounter with a representative from the world of work each school year. Year 12 students will also experience up to one week of a work-based placement as part of the Work Experience programme.
- To participate in a range of activities including encounters with employers, education and training providers, and apprenticeship organisations.
- To be able to self-refer themselves for a careers one-to-one session with the Careers Lead, either through their tutor online through the Academy website.
- To be provided with a detailed Action Plan after each one-to-one session with the Careers Lead which includes possible next steps to encourage pupils to take control of their own choices, actions and decisions.
- Regular pupil voice on the quality and provision of the careers programme and provided with the opportunity to make suggestions and recommendations to inform future planning.
- Opportunity to talk to the Careers Lead and/or FE or HE providers at Year 9 and above Parents Evenings.
- Access to role models to support the raising aspirations agenda including alumni, current apprentices and university students.
- Reassurance that the Academy will work to ensure that each pupil goes on to a sustained destination that is personalised and bespoke to each individual.

As part of the careers programme, parents are often invited to support the Academy by attending one-to-one sessions with their child and the Careers Lead. Parents can also self-refer themselves for careers guidance from the Careers Lead and Careers Guidance Lead. Finally, parents are encouraged to support events such as the Careers Fair if they have their own business.

Staff Development

The Academy offers at least one CPD training session a year to go through any career's information needed. Any information is fed back to staff through teaching and learning leads where any feedback or information can be filtered through to different subject areas this is done through meetings or emails. There is also a range of virtual CPD sessions on a variety of careers topics including the Gatsby Benchmarks, statutory guidance, embedding careers in the curriculum and the Quality in Careers Standard.

Careers Calendar

The Academy has a yearly calendar of events; a summary of the calendar is below. A more detailed calendar including the Aspire calendar are also available upon request. All activities are mapped to the Gatsby Benchmarks in **red** and the CDI framework (**green**) for careers and employability using the key detail in Appendix 1.

Careers Education

Careers is taught through the Careers in the Curriculum programme during tutor time in life lessons and PSHE. These activities are set by the Careers Lead and SLT. PSHE topics can be seen in the table above.

The Careers Lead works with Teaching and Learning leads who are based within departments and support the implementation and embedding of the Careers Programme within their subject areas.

Work experience to be delivered to all year groups. Year 10 and year 12 to go and take part in external work experience.

The intended role has a consistent approach to the Careers Programme and to provide support to further develop careers and employer engagements within the faculty. The content of the activities is based around the Learning Outcomes of the CDI Careers Framework.

Monitoring and Evaluation

As part of the quality assurance process to ensure that the careers provision is current, relevant and fit for purpose, the Academy considers both hard and soft outcomes for pupils through a number of ways:

- Regular pupil voice on encounters with careers and after a session with the Careers Lead.
- Staff feedback through post CPD sessions evaluations and through faculties.

- Gathering feedback from external agencies who support in school including employers, educational providers and work experience placements.
- Gathering feedback from parents at Parents Evenings, Open Evenings and one-to-one careers sessions with the Careers Lead.
- Quality assurance of careers lessons as part of the Careers in the Curriculum programme.
- Destination data (both published and internal).
- Use of Compass+ and Unifrog.

Weston Favell Academy have gained Career Mark and have also been awarded the revalidation of Quality in Careers Standard. The Academy hopes to resubmit their next Career Mark portfolio by the end of the academic year.
