PPE (pre-public exams) are a rehearsal. A chance for you to get used to the process and experience of examinations.

They provide your teachers and you with vital knowledge about the grades you are working at, but more importantly the areas you need to focus on to improve.

Please take them seriously but if you find yourself stressed about them, please seek support. It is also an opportunity to ensure you have the correct learning support in place, for example extra time or a scribe.
